

The VADA Program

Visual and Automated Disease Analytics
Graduate Training Program

The VADA Program committed to being an inclusive program. As part of this commitment, we seek to diversify our program and increase the representation of the four designated groups: women, Indigenous peoples, racialized persons/persons of colour and persons with disabilities.

In order to do this, we ask that you complete the following questionnaire. The completion of this form is voluntary. The information you provide will be used to track the numbers of applications received from members of the designated groups. It may also be used in the selection of candidates for admission to the program. However, only individuals qualified for the program will be considered. Your response will be kept confidential.

Further information can be obtained by contacting the Diversity & Inclusion Facilitator at 474-8371.
